April 20, 2010

Dear Brothers and Sisters,

Re: Asbestos Exposure – Bruce Power

This letter is to inform you that many of our members have been exposed to asbestos at the Bruce Power Restart Project for Aecon from August 06, 2009 until March 15, 2010. Our main focus is to determine how many Boilermakers have been exposed since the Project began.

We ask that if you believe you were exposed while employed on the Bruce Power Restart Project to fill out a WSIB Construction Exposure Incident Report Form. Please fill out the form, keep a copy for your records and return the other copy to the Hall.

Please contact Perry Ste Croix by e-mail at perry.stecroix@BrucePower.com for a WSIB application. The other option is to contact the Hall and request a WSIB application with Patty Termorshuizen, patty@ibblocal128.org or 905-315-1065.

In closing, I would like to thank everyone for their cooperation and patience while we work through this matter.

Fraternally

PATRICK WIDMEYER
