ARTICLE 1.00 - PURPOSE

1.01

The purpose of this Agreement is to govern wages and working conditions so as to promote orderly harmonious relations between the Employer and its Employees and the Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both parties must give service to the public.

The Parties agree that the Memorandum of Agreement dated April 24, 2025 forms a part of this Agreement.

ARTICLE 2.00 - RECOGNITION AND CRAFT JURISDICTION

2.01

The Employer recognizes the Union as the sole collective bargaining agency for General Foreperson(s), Foreperson(s), Journeyperson(s), Apprentice(s), and Pre-Apprentice(s) employed on field construction work within the jurisdiction of the Union.

2.02

The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Jurisdictional Assignment Plan of British Columbia.

For the purpose of clarification, the jurisdictional claims of the Union are contained in the Addendum attached hereto.

2.03

The Union confirms that the terms and conditions of this Collective Agreement and those matters set out in the Memorandum of Agreement will supersede any terms and conditions set out in Local Lodge 359 By Laws and Referral Rules, and render those Articles of the By-Laws and Referral Rules null and void.

2.04

"Employees" as used herein means Employees of the Employer engaged in such work in British Columbia and the Yukon Territory.

2.05

This Agreement does not apply to work which is performed by the Employer in the Employer's plant or shop.

2.06

This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to Employees above the rank of General Foreperson.

2.07

The Union agrees to co-operate with the Employer, in order that the work be conducted in the most expedient manner. It is recognized by the Parties to this Agreement that the work covered, at times, may require the use of qualified Owner's Employees.

2.08 Tool Crib Attendant

When a tool crib is established by an Employer on a job on which their work is predominantly Boilermaker jurisdiction, and an attendant is required, they shall be a member of the Union. The Employer must make every attempt to first hire attendants from the Unions out of work Tool Crib list and not simply appoint an attendant from the dispatched crew. Once the Unions out of work Tool Crib list is exhausted then the employer is free to appoint an attendant from the existing crew. The necessity of a tool crib and/or an attendant will be determined by the Employer.

ARTICLE 3.00 - MANAGEMENT RIGHTS

3.01

It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

3.02

The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the Employees, provided that they are not inconsistent with this Agreement.

3.03

It is an exclusive function of the Employer to hire, promote, demote, transfer, suspend, layoff, discipline or discharge for just cause, Employees in the bargaining unit, subject to the provisions of this Agreement.

3.04

Nothing in this Article shall be interpreted to prejudice other unspecified traditional rights of Management.

3.05

The selection and appointment of General Foreperson and Foreperson is solely the responsibility of the Employer in keeping with this Agreement. The designation and determination of the number of General Forepersons and Forepersons is the sole responsibility of the Employer and shall be excluded from the name hire ratio. On a crew not exceeding five (5) Journeypersons, per shift, one of them may be a Foreperson who may work on the tools. (An Apprentice is in addition to the crew.) For tank projects, on a crew not exceeding ten (10) Journeypersons, per shift, one of them may be a Foreperson who may work on the tools. (An Apprentice is in addition to the crew).

When Forepersons are brought forward on the prep crew for the sole purpose of project orientation, it is understood that they will not work on the tools.

The Employer may transfer General Forepersons and Forepersons from one of their projects to another of its projects. Prior notification will be given by the Employer to the Union of the names of supervisors to be transferred.

Forepersons working on the tools will be included in the Journeyperson name hire ratio. The Foreperson shall be the only representative of the Employer who may issue instructions to the Employees.

3.06

General Forepersons shall be utilized by an Employer whenever they have established this level of supervision on their work on a project and when the number of Employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer. General Forepersons shall not work on the tools. The Employer agrees that the General Foreperson shall be a member of Boilermaker Lodge 359.

3.07

- (a) In addition to Article 3.05, the Employer shall have the right to name request Journeypersons pursuant to the following table, unless otherwise mutually agreed to between the Employer and the Union.

The following per shift name hire formula shall be applied to each written request and bonafide emergency request for the dispatch of Journeypersons as received from an Employer.

Journeyperson Crew Requirements

TOTAL	EMPLOYER	UNION
One	-----	One
Two	One	One
Three	Two	One
Four	Two	Two
Five	Two	Three
Six	Two	Four
Seven	Three	Four
Eight	Three	Five
Nine	Three	Six
Ten	Three	Seven
Eleven	Four	Seven
Twelve	Four	Eight
Thirteen	Four	Nine
Fourteen	Four	Ten
Fifteen	Five	Ten
Sixteen	Five	Eleven
Seventeen	Five	Twelve
Eighteen	Five	Thirteen
Nineteen	Five	Fourteen
Twenty	Five	Fifteen

From this point the name hire ratio is 25%, i.e. 3 off the Board, 1 name request.

Twenty-Four	Six	Eighteen
Twenty-Eight	Seven	Twenty-One
Thirty-Two	Eight	Twenty-Four
Thirty-Six	Nine	Twenty-Seven
Forty	Ten	Thirty
etc.		

The Employer may not exceed the name hire ratio when reducing crew size. Forepersons working on the tools will be included in the name hire ratio. Forepersons outside the name hire ratio may not work on the tools and may not be demoted.

(Note: An Apprentice is in addition to the crew.)

- (b) All name requests must be made in writing by fax or email to the Union, prior to these requests being dispatched. Members who do not hold the Job Ready certifications required by this Agreement are not eligible to be name requested until they comply with the Job Ready requirements.
- (c) Journeyperson Employees who are members of the Union will be eligible to transfer to another of the Employer's project(s) at such time as the Union is unable to supply manpower within the classification as required by the Employer and/or when the Employer has been advised by the Union that manpower on the Union "out-of-work" list has been exhausted. All transfers shall be considered to be name requests. Those members transferred as name requests shall be laid off first, until the name hire ratio is met. Transfers shall be implemented only if the employer has not terminated the Employee and has not processed termination documents. The Employer must provide the Union with a list of all Employees to be transferred.
- (d) The Parties agree that the number of contracts and or dispatch job orders an Employer may have on a specific jobsite is irrelevant to Employee assignments including abutting properties of a common Owner / Client (i.e. this is not a transfer). Proper notice must be given as per Article 14.05 if the Employee's scheduled shift is changed (i.e. one contract/dispatch job order working 10 hour shifts, one contract/dispatch job order working 11 hour shifts).

3.08

An Employee shall have the right to refuse a transfer from one job to another. In the event an Employee does not choose to accept the transfer, they will not be considered as having quit and will be entitled to the travel expenses to Vancouver subject to the provisions of this agreement.

3.09

Members of the Union who have accepted a name request from an Employer other than via the Union Dispatch Office must be available on the Union out of work list (posted), and must report acceptance of the name request to the Union office prior to the Union receiving the Employer's written manpower dispatch order. Members accepting bank requests must clear their names as soon as possible. Failure to comply shall nullify the member's name request(s) for fourteen (14) calendar days.

On jobs of fourteen (14) days duration or less it is further understood and agreed there shall be no additional name requests after the first layoff has taken place.

4.02

The Union agrees to furnish competent available workers to the Employer on request, provided however, that the Employer shall have the right to determine the competency and qualifications of its Employees and to discharge any Employee for any just and sufficient cause. The Employer shall not discriminate against any Employee by reason of their membership in the Union or their participation in its lawful activities. There shall be mutual co-operation between crew members, such that fitter/riggers and welders assist each other when possible, but neither classification shall solely perform the traditional duties of the other classification.

4.03

After the Employer has requested the Union office to furnish workers to perform work within the scope of this Agreement and the required number of workers are not furnished within two (2) working days after the date for which the workers are requested, the Employer shall have the right to procure and retain until layoff, but not transfer without the consent of the Union, the required number of workers from other available sources, provided that such workers procured from other available sources shall be required by the Employer to join the Union not later than fifteen (15) days after hiring.

12.04

ARTICLE 13.00 - ARBITRATION

13.02

Either party desiring arbitration shall notify the other party in writing of its intention and particulars of the matters in dispute.

13.03

The Parties shall mutually agree on an Arbitrator to hear the matter. In the event the Parties fail to mutually agree on an Arbitrator within fifteen (15) calendar days of the referral either party may apply to the Collective Agreement Arbitration Bureau to appoint an Arbitrator.

13.04

The Arbitrator shall sit, hear the Parties, settle the term of the question or questions to be arbitrated, and make an award within ten (10) days from the date of appointment, provided that the time may be extended by agreement of the Parties.

13.05

The Arbitrator shall submit the award in writing to each of the parties. The award shall be final and binding upon the Parties and they shall carry it out forthwith.

13.06

Each party shall pay its own cost and expense of arbitration. One-half the compensation of the Arbitrator and the stenographer and other expenses of the Arbitrator shall be paid by each party.

ARTICLE 14.00 - HOURS OF WORK

14.01

- (a) Eight (8) hours shall constitute a normal day's work. The normal hours of work shall be between the hours of 8:00 a.m. and 5:00 p.m. for an 8 hour day, with one-half or one hour for lunch commencing no later than five hours after work commenced. Forty (40) hours shall constitute a normal week's work, Monday through Friday inclusive. The Employer does not guarantee to provide work to any Employee for regularly assigned hours or any other hours, except as provided for in Article 18.00.

The starting time of the normal hours of work may be varied by up to two (2) hours earlier or later, without penalty or premium, provided eight (8) hours advance notice is given by the Employer to the affected Employees, (i.e. during the prior shift).

Subject to the above, by mutual agreement, in writing, between the Business Manager and the Employer, the foregoing starting and quitting times may be changed by further variance to suit job requirements or conditions. If the foregoing starting or quitting times are changed without mutual agreement, except as noted above, applicable overtime rates shall be paid for any time worked before or after the above hours as a result of the change of the times.

(b) **Compressed Work Week Schedule**

A compressed work week may be established for other than shutdown projects between Monday to Friday. Mutual consent by the Union will not be unreasonably withheld. The terms and conditions of such compressed work week shall supersede any/all contrary provisions of this Article.

The Employer may schedule the regular work week in four (4) consecutive ten (10) hours days at straight time rates, provided that the four (4) ten (10) hour days are scheduled during the Monday through Thursday schedule or the Tuesday through Friday period.

If the Employer exercises an afternoon or night shift on the compressed work week format, afternoon or night shift premiums will apply.

14.02

An Employee shall not be required to work during their regular lunch break except in emergency or special circumstances, in which case, they will receive a reassigned one-half hour lunch break. If this break falls outside the regular lunch break established on the job, they shall receive an additional allowance of one-half (1/2) hour's pay at straight time rates which shall be in addition to their regular straight time hours.

14.03

Two (2) rest or work (coffee) breaks of ten (10) minutes duration will be allowed each day during normal working hours, one in the first half and one in the second half of each shift, or shifts. Where the scheduled shift exceeds ten (10) hours or if unscheduled overtime is worked which results in work in excess of ten (10) hours Employees are entitled to an overtime meal break in accordance with Article 16.02. Where unscheduled overtime is worked beyond the normal working day and if the duration of overtime is to exceed one hour but be less than two (2) hours, then the Employee will be allowed a coffee break at the end of the normal shift. Such breaks and a suitable location to be determined by the Employer, in consultation with the job steward. Where the shifts are scheduled for ten (10) hours the two (2) rest or work (coffee) breaks shall be of fifteen (15) minutes duration.

These breaks may be staggered, alternated or varied by the Employer to permit continuous operation where required, by mutual agreement between the Business Manager and the Employer, prior to the start of the project, where possible. Subject to mutual agreement between the Employer and the Union, the Employer may combine the two fifteen (15) minute breaks and provide two one-half (1/2) hour paid breaks in lieu of the one-half (1/2) hour unpaid lunch break and the two paid fifteen (15) minute breaks. Agreement to combine these breaks shall not be unreasonably withheld.

An Employee shall not be required to work during their regular scheduled rest or work (coffee) break except in emergency or special circumstances, in which case, they will receive a reassigned rest or work (coffee) break. If this break falls outside the regular rest or work (coffee) break established on the job, they shall receive an additional allowance of ten (10) or fifteen (15) minutes pay at straight time rates which shall be in addition to their regular straight time hours.

14.04

Overtime rates of pay shall apply for Saturday, Sunday and Recognized Holidays, or for hours outside of the regular working hours, as amended by mutual agreement. This shall include waiting, reporting, show up and standby time.

14.05

If the scheduled shift is changed, a minimum of eight (8) hours notice shall be given to the affected Employees. The Employer is to have the ability to transfer manpower from day shift to night shift or night shift to day shift with the consent of the Employee and the Business Manager or their Representative.

14.06

Where the normal hours of work are in excess of eight (8) hours per shift, the very last crew remaining on the project may work only eight (8) hours. This refers to the completion of the job, not to workers who may be discharged earlier. This must be noted on each order for manpower placed with the union.

14.07 Emergency Repair Call-Out:

Where the Employer places an order for the immediate dispatch of a crew to an existing facility, it is considered to be an Emergency Repair Call-Out, for which the Employees shall receive an emergency repair call-out allowance of:

For jobs sites in the Vancouver Free Zone & Port Moody:	\$250.00
For all other jobsites:	\$350.00

For Emergency Repair Call-Out work due to the requirement for Employees to commence work on short notice the Employer has the right to identify competency and qualification including welding qualifications which are required for Employees to be eligible for dispatch.

Where an Employee reports to work for an Emergency Repair Call-Out the regular shift start and stop times will not apply for the first day of work and the Employee will work the first eight (8) hours at straight time (or the appropriate overtime rate if worked on Saturday, Sunday or Statutory Holidays). Any additional hours worked will be compensated as overtime. All days following the first shift will be scheduled in accordance with the standard hours or work provisions.

In cases of emergency work, where the Employer is unable to contact the Union office, the Employer may commence work and notify the Union office as soon as possible.

ARTICLE 15.00 - SHIFT WORK

(See Appendix "C" for Examples)

15.01

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning.

Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement, are met.

Shift premiums shall not apply for shifts on Saturday, Sunday and Recognized Holidays.

15.02

For the purpose of defining the shifts, the 1st shift shall be the day shift which commences at 8:00 a.m. The starting time may be varied by the Employer up to two (2) hours, earlier or later, without penalty or premium, provided eight (8) hours advance notice is given to the affected Employees. Any further variance of starting time may be varied by mutual agreement with the Union to suit job requirements. The 2nd shift shall be the afternoon shift and shall follow the 1st shift. The 3rd shift shall be the night shift and shall follow the 2nd shift.

15.03

- (a) When two (2) shifts are scheduled, each shift shall provide for a one-half (1/2) hour unpaid meal period. A shift premium, as set out in Appendix "A", shall apply on all hours worked on the second shift.
- (b) When three (3) shifts are scheduled, each shift shall work seven and one-half (7½) hours of work with a one-half (1/2) hour unpaid meal period. A shift premium, as set out in Appendix "A", shall apply on all hours worked on the second and third shifts.

15.04

When an Employee is required to return to work without an 8 hour break, all work performed shall be paid at double (2) the regular hour rate, until such time as the Employee receives an eight (8) hour break. It is the intent of this clause that no Employee shall lose pay on a normal shift due to taking the required eight (8) hour break. (Example: Day Shift works to 2:00 a.m., has 8 hours off and returns at 10:00 a.m. for a shift which normally commenced at 8:00 a.m. Employees are paid from 8:00 a.m. onwards).

ARTICLE 16.00 - OVERTIME

16.01

- (a) When an Employee is required to work in excess of the regular hours, Monday through Friday inclusive, they shall be paid overtime at the rate of time and one-half (1-1/2) the regular rate for the first two (2) hours. All additional hours shall be paid at double (2) the regular hourly rate.

Monday through Friday, each Employee must have worked all the available scheduled straight time hours of a day before receiving overtime pay for hours worked thereafter on the same day. The above requirements may be waived at the discretion of the Employee's supervisor in the event of a pre-planned and pre-approved absence or if the Employee's supervisor authorizes an unplanned absence. This discretion will be applied in a fair and consistent manner.

- (b) Employees working on Saturday, Sunday or Recognized Holidays shall be paid overtime at double (2) the regular hourly rate.
- (c) All other overtime shall be paid at double (2) the regular hourly rate.
- (d) Where a compressed work week is scheduled, all hours in excess of ten (10) hours per day, shall be paid for at two (2) times the applicable rate of pay. (10) hours shall be paid at one and one-half (1-1/2) times the applicable rate of pay. All other hours on this compressed work schedule shall be paid at two (2) times the applicable rate of pay.

In circumstances when a Recognized Holiday falls within a compressed work week and whereby less than 40 hours (4-10's) are worked within that compressed work week, all hours worked beyond 8 hours per day for each day worked within the short week shall be paid at the appropriate overtime rates as stated in Article 16.01 (a).

- e) Two and Three Shift Operations:
Employees working overtime shall continue to receive their shift premium for all hours worked. The shift premium shall not be compounded for overtime hours worked.
- (f) It is recognized that unscheduled overtime is commonplace in our industry. Every effort will be made by the Employer over the course of the job to spread the unscheduled overtime evenly amongst the crew; however, individual qualifications may dictate otherwise. The Employer must also maintain the proper Apprentice ratio where practical when unscheduled overtime is worked.

16.02

When an Employee works more than 10 hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of 10 hours, and at each 4 hour interval thereafter. The Employee shall be allowed a 30 minute meal break and shall be compensated at the straight time rate of pay. Where this is impractical, a \$50.00 meal reimbursement, plus one-half hour of straight time wages will be paid for all Employees required to work the overtime, including those receiving any form of subsistence. If a meal break is not taken after ten hours, there shall be a 10 minute coffee break. At their option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the 10 hours.

On scheduled overtime, the foregoing may be changed by mutual consent of the Business Manager and the Employer.

19.01

- (b) **Lower Mainland: Daily Travel Zone:**

Where the Employer elects daily travel allowance, the Employee shall receive applicable Transportation Rate per road kilometre to and from the project to the edge of the free zone, for each day worked or reported for work. Where the Employer provides transportation, the daily travel allowance will be paid one way.

19.01 Initial/Terminal Travel

- (c) (i) The Employer shall pay an initial and terminal travel allowance to any Employee who is directed or dispatched to an out-of-town project. The allowance shall be paid at the Transportation Rate for each kilometre based on the most direct route, as measured by Google Maps, or equivalent, from the Employee's place of residence within the Province of British Columbia or the Yukon Territory to the project. Should an Employee's residence be outside those boundaries the distance will be measured from the point the Employee first enters British Columbia or the Yukon following the most direct route to the jobsite. - (ii) Notwithstanding item (c)(i), the Employer shall reimburse an Employee for any/all ferry fares and toll fares [based on a driver plus vehicle (less than 20 feet in length and 7 feet in height)] which are incurred in the course of initial and terminal travel.

Such agreement shall be reached prior to the commencement of work on the project, and prior to date of tender if possible.

(vi) Notwithstanding any/all contrary provision(s) of this Article, in the event an Employee voluntarily terminates their own employment after having been on the project for less than fifteen (15) calendar days, the Employer shall not be required to pay the Employee's terminal travel allowance, and shall additionally be entitled to deduct the initial travel allowance already paid from the Employee's final pay.

(vii) The Employee shall receive initial and final travel expenses within two (2) working days of reporting to the job. These expenses shall be treated as a travel reimbursement and shall be deducted from the final pay, where Article 19.02 applies.

Failure to pay initial and final travel expenses within the prescribed time limit shall cause a penalty of twenty dollars (\$20.00) per day, per affected Employee, to be added to the initial and final expense. However, it is recognized that there may be extenuating circumstances making it impractical for the Employer to comply with this provision and in that case, the Business Manager shall be empowered to waive the Employee's right to grieve.

19.01

- (d) On subsistence projects, the Employer shall provide daily transportation from the Employer supplied accommodation to the project and return for each day worked or reported for work by the Employee:

If the Employee is delayed in arriving at the jobsite, their hours of work and pay shall nonetheless be considered to start at the normal time. If the Employee is delayed in departing from the jobsite or arriving to their normal pickup point due to mechanical breakdown or other causes attributable to the condition or operation of the vehicle, the actual time of such delay shall be added to the Employee's earnings calculated at the straight time rate.

However, local residents will be entitled to the same turnaround time off provisions that non-local residents receive. Local residents shall receive a Daily Travel Allowance.
 - (iii) Local residents living beyond a 40 road kilometre free zone around the jobsite of the project shall receive the Transportation Rate per road kilometre from the edge of the 40 road kilometre free zone around the jobsite to their place of residence as a daily travel allowance for each day worked or reported for work. Daily travel will be paid both ways.

(iv) Where weather, road conditions or traffic do not allow the Employee to travel to their residence within one (1) hour of their normally expected driving time, the Employer shall provide accommodation and meal allowance in lieu of daily travel upon the Employee's request.

19.02

If their employment is terminated for just cause, or the Employee leaves of their own accord before having qualified for travelling expenses to and/or from the job, they shall not be entitled to receive the cost of such travel expenses.

19.03 Turnaround

On subsistence projects, of over fifty (50) calendar days duration, the Employer shall provide a turnaround every thirty-five (35) calendar days. Fifty (50) calendar days duration must exist after return from each turnaround for a further turnaround after thirty-five (35) calendar days to be allowed.

When a turnaround is requested, the Employee shall receive the following allowance based on the distance from their residence (measured in accordance with Article 19.01 (c)(1) to the job site.

250 kilometres to 500 kilometres:	\$270.00
501 kilometres to 750 kilometres:	\$450.36
751 kilometres to 1,000 kilometres:	\$630.36
Over 1,000 kilometres:	\$720.00

The road kilometre travel rate will be that which is established by the Canada Revenue Agency and shall be adjusted on the same date Canada Revenue Agency amendments are effective. The mid-point of each turnaround allowance will be multiplied by the road kilometre rate established by the Canada Revenue Agency and shall be adjusted on the same date Canada Revenue Agency amendments are effective.

The extent of the turnaround shall be for a minimum of five (5) days to a maximum of one (1) week, or a number of days mutually agreed between the Employee and the employer's representative. The timing of the turnaround shall also be decided by mutual agreement. Any delay will be applied to the following turnaround period.

Subsistence shall not be paid during turnaround periods. In recognition of the need for an Employee on day shift to arrive a night early to be ready for work and an Employee on night shift to rest prior to travel an Employee on subsistence will be paid their subsistence amount for one day during their turnaround.

There shall not be any payment of Employer paid travel expense turnarounds unless actually taken (i.e. use it or lose it). However, the Employee is allowed to accrue Employer paid travel expenses turnarounds to a future date.

An Employee shall also forfeit subsistence allowance for absenteeism on any working days.

- (a) The above forfeiture of subsistence allowance shall be waived when the Employee's absenteeism on any working day or on Friday and/or Monday, as outlined above, is due to a bona fide illness or absence is due to compassionate grounds satisfactory to the Employer and the Union.
- (b) Forfeiture of subsistence allowance may also be waived in other cases if the reason for absenteeism is acceptable to the Employer.
- (c) Where an Employee forfeits subsistence under Article 20.05 herein and is on free room and board, they shall reimburse the employer an amount equal to the prevailing subsistence allowance for each day of forfeiture.

ARTICLE 21.00 - PAY DAY

21.01

Employees shall be paid weekly, during normal working hours, not later than Friday. In no case shall more than five (5) regular working days be held back in any one payroll period.

Should the Employee be required to wait longer than the next scheduled pay day for the payroll

correction the Employee will receive payment of an additional two (2) hours at straight time for each day they are kept waiting to a maximum of ten (10) hours.

The parties have agreed that a penalty is appropriate when the Employer is in default of making final payment to the Employee on termination. The purpose of this is to compensate the Employee for delays in payment that are due to reasons within the control of the Employer. However, it is recognized that there may be extenuating circumstances making it impractical for the Employer to comply with this provision and in that case, the Business Manager shall be empowered to waive the Employee's right to grieve.

Letter of Understanding
Between
British Columbia Boilermaker Contractors' Association
And
Boilermakers Lodge 359

It is jointly agreed that this Letter of Understanding shall form part of the Collective Agreement between the British Columbia Boilermaker Contractors' Association (the "BC BCA") and Boilermakers Lodge 359 (the "Union") and that this agreement does not diminish any rights that the Employer, the employees or the Union have under the Collective Agreement.

In accordance with Article 26.00 – Enabling Clause, the parties agree to amend the existing BC BCA and Union Collective Agreement, notwithstanding that all past, present and future Project Labour Agreements, Special Needs Agreements, Letters of Understanding or any other agreements negotiated prior to the expiration of the existing BC BCA and Union Collective Agreement shall be bound by this Letter of Understanding and the terms of the un-enabled Articles of the Collective Agreement.

A joint committee of the BC BCA and the Union established a Job Ready Dispatch ("JRD") program on November 9, 2017. The BC BCA and Union agree that the JRD program shall be administered as a component of the Boilermakers Lodge 359, Apprenticeship and Trade Advancement Committee (ATAC) Trust Fund (the "ATAC Fund").

The JRD program contains a core suite of safety courses that each member will have completed in order to be dispatched.

The JRD program contains the following core suite of certifications as follows:

- Energy Safety Canada or Worksafe BC Fall Arrest
- Energy Safety Canada or Worksafe BC Confined Space
- Qualitative or Quantitative Fit Tested
- CSTS

The initial Fall Arrest and Confined Space certifications must be completed in person. Subsequent certifications may be completed on-line by the above noted providers.

Each individual member of the Union is solely responsible to successfully complete and pay for the core suite of certification training, with the understanding, that upon providing the Union with a copy of their certification and receipt of payment, the ATAC Fund will reimburse each Member's incurred certification training costs.

Should additional regulatory training requirements or changes come into effect impacting member safety training, the BC BCA and a committee of the Union will discuss its impact upon the core suite of safety certifications.

The JRD program shall be funded by an amendment to the Wage and Benefit Schedule of the Collective Agreement to include an employer contribution to the JRD program of \$0.30 per hour earned as a separate line item effective March 4, 2018.

The Trustees of the ATAC Fund will maintain financial records to account for contributions, expenses, and benefits, on a monthly basis, in respect of the JRD program.

The ATAC Trust Agreement will be amended by the Settlers of the ATAC Fund (the BC BCA and the Union) to accommodate the JRD as a component within the ATAC Fund.

The ATAC Trustees will review the JRD component of the ATAC Fund on an annual basis. It is from this review that the ATAC Trustees will make recommendations to the BC BCA and the Union regarding any adjustments that should be made to the JRD program contribution rates. The parties agree that the JRD component shall be revenue neutral.

The BC BCA will have access to the detailed financial records of the JRD component of the ATAC Fund as requested from time to time. Such requests shall be made to the Trustees of the ATAC Fund.

Key to the JRD program initiative from the contractors' perspective is access to the member certification records for their due diligence and to comply with the Province of British Columbia's Occupational Health & Safety Regulations.

The Union will maintain record keeping for certifications which will be made available to the contractors online 24/7 through the UnionWare TransferLink, software which was customized for the Union.

It is the sole responsibility of the contractors to contact the Union in order to gain access to the TransferLink program (Usernames and Passwords). The information obtained through TransferLink must be kept secure, remain private and confidential, and only used for the purpose to which it is intended.

All terms and conditions listed herein shall form a part of the Collective Agreement.

In the event the BC BCA through the collective bargaining process withdraws or fails to maintain the JRD funding there will be no obligation on the Union to continue dispatching members with JRD as outlined herein.
