

WCB Review 2019

Janet Patterson, Reviewer

May 27, 2019

On behalf of the B.C. government, I am undertaking a formal and independent review of the workers' compensation system. This review will provide recommendations back to government on ways to improve the current system to better support injured workers and to increase the confidence of workers and employers in the system.

As part of this work, I would like to hear from your organization and members about what an improved workers' compensation system should look like from your perspective or experience. Because of your interest in support for injured workers, I'm writing to give you advance notice of a public engagement that invites the public and interested stakeholders to share their views.

From now until July 19, you can email written feedback to Info@wcbreview.ca

There are several other ways to provide your feedback coming up very soon. Please think about which avenue will work best for you.

- An online questionnaire to help guide feedback from injured workers, medical practitioners, employers, and any person with an interest on this topic.
- In-person public hearings running from June 14 – July 19, 2019 in the following communities:
 - Surrey
 - Castlegar
 - Nanaimo
 - Campbell River
 - Vancouver
 - Terrace
 - Chilliwack
 - Williams Lake
 - Kamloops
 - Cranbrook
 - Kelowna
 - Victoria
 - Fort St. John
 - Prince George

For more information about this engagement, including times and dates of in-person hearings, how to book a time to present, and how to send in a comment or formal submission, please visit: <https://engage.gov.bc.ca/workerscompensationreview/>.

Thank you for your interest in improving B.C.'s workers' compensation system. Please share this email with your members or anyone else you think may be interested in this important topic.

Yours truly,

Janet Patterson,
Reviewer
