

## **Self Payment Update**

PayPal is no longer available as a self-payment option for the Boilermakers Health and Welfare Plan. Your Plan administrator, Bilsland Griffith, is in the process of setting up Online banking which will be available as a self-payment option mid July 2019.

The Boilermakers Health and Welfare Plan will be set up as a “vendor”, with a specific account number. You will be able to select and pay directly from your bank account or at any financial institution in Canada.

Once the account set up is complete, an update will be posted to the website. In addition, the information will be included on the self payment notices.

Thank you for your patience.
